UK Outlook for Friday 30 Apr 2021 to Friday 14 May 2021:
Mixed weather patterns, typical of spring are most likely through the end of April and into May. Overall, fine and dry weather is expected to be most dominant, with fair-weather cloud and plenty of sunny spells. However, all areas are likely to see some showers or perhaps some longer spells of rain at times. Temperatures are likely to be close to average for the time of year, with the possibility of warmer spells at times.
